Is the joy of the household, for without it no happiness can be complete. How sweet the picture of mother and babe, angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass, however, is so full of danger and suffering that

she looks forward to the hour when she shall feel the exquisite thrill of motherhood with indescribable dread and fear. Every woman should know that the danger, pain and horror of child-birth can be entirely avoided by the use of Mother's Friend, a scientific liniment for external use only, which toughens and renders

pliable all the parts, and assists nature in its sublime work. By its aid thousands of women have passed this great crisis in perfect safety and without pain. Sold at \$1.00 bottle by druggists. Our book of priceless

value to all women sent free. Address BRADFIELD REGULATOR CO., Atlanta, Ga.

# Unusual Draperies

When you want an ordinary pair of lace curtains there is no use in sending to us for them, except that you want to save something in the price. We carry an immense stock, buy in large quantities and sell at retail for what most stores pay for their curtains at wholesale.

But if you want something exclusive; something that is out of the ordinary line; something that you will not find in your local stores write to us and you will get it. Competition is strong in Los Angeles and in order to keep ahead of competitors we are obliged to offer better values and prettier curtains. You can get the same prices that are paid by our Los Angeles customers. They will be enough lower than your prices to warrant you in sending to us for your cartains.

We make a specialty of portieres made to order.
